Bluetooth Version Introduction

This special bluetooth version is designed for those who would like to use a bluetooth controller(Xbox One S controller, DualShock 3) **WIRELESSLY** on PS4/PS4 Pro/PS4 Slim.

And this version has only this ONE feature, all previous features(such as keyboard and mouse support, wheel support, etc) have not been included in it.

Conditions to use this special version:

1. Bluetooth 4.0 Dongle(CSR8510 chipset)
2. Supportted bluetooth controllers:
Xbox One S controller, DualShock 3
3. Supported Consoles: PS4, PS4 Pro, PS4 Slim

PS: You can safely switch between this special bluetooth version and our normal versions.
All your previous configs will be preserved, if you follow our instructions below carefully.

Step 1: Preparation:

1. Make sure there is no controller, keyboard, mouse, joystick or anything else plugged into Cross Hair.
    Then connect Cross Hair to PC, using the USB cable included in the package.
    Cross Hair LOGO should be white.
2. Download "Cross Hair ManagerV2.10.3", extract the zip file and run the Manager.(Windows Only)
3. Click "Cross Hair" in the UI of Cross Hair Manager to upgrade firmware and enter Manager
4. Choose your console and add a "Custom Game" config in it, set this new "Custom Game" config as "Start Up"
5. Save and close the Manager. Detach Cross Hair from PC.

Step 2: Pairing

If you are going to use DualShock 3

1. Connect DualShock 4 to USB PORT 1 of Cross Hair,
    and connect Bluetooth dongle and DualShock 3 to USB PORT 2 and 3 of Cross Hair
2. connect Cross Hair to PS4, Cross Hair will do the pairing automatically
3. When pairing is done, Cross Hair LOGO will be in a breathing state.
4. unplug DualShock 3 from Cross Hair and press PS button on it,
   it will work wirelessly on PS4 through transmitting of Cross Hair.

If you are going to use Xbox One S controller

1. Connect DualShock 4 to USB PORT 1 of Cross Hair,

and connect Bluetooth dongle to USB PORT 2 or 3 of Cross Hair

2. connect Cross Hair to PS4, and wait for a breathing LOGO.

3. Press the hidden button in Cross Hair once with a toothpick or the tip of a pen,

Cross Hair will then be in the Bluetooth pairing mode, Cross Hair LOGO will flash green rapidly during this.

4. Activate Xbox One S controller by pressing the Guide button on it, and hold the pairing button on Xbox One S controller until it is in the Bluetooth pairing mode, its light will flash white during this, please wait for the pairing.

5. When pairing is done, Cross Hair LOGO will be in a breathing state again. Then Xbox One S controller light will be a stable white and it will then work wirelessly on PS4 through transmitting of Cross Hair.
